* Our program requires students to submit their transcripts by June 22nd to help ensure they are received in time for admissions processing, before the official campus deadline of July 1st.

- Admitted students must submit official transcripts prior to the start of the program
- Admitted students should begin submitting transcripts around May 1 or upon graduation. Students with any transcripts from schools outside the United States must have all official transcripts sent before the start of the Summer Success Program. For helpful details about transcripts from 36 countries and regions, review our list of accepted international documents.
- All college or university transcripts are required. If you attended more than one school, we require a transcript from each school showing the date of withdrawal or graduation. Additionally, you must send any college transcripts reflecting college coursework.
- Follow the Applicant Portal Link: https://beatriton.ucsd.edu/apply/status
- Review "Transcripts and Test Scores" on the MyApplication checklist for instructions to submit official transcripts
- Incoming transfers do not need to send a high school transcript unless they have not completed a US History or US Government course in college to clear the American History & Institutions requirement
- UC San Diego Admissions accepts electronic transcripts sent to them by the following e-transcript vendors: Docufide/Parchment, Credential Solutions, eScripSafe, eTranscript California and JST Military Transcripts. They are unable to process electronic transcripts from any other vendors.
- If your school has its own transcript request process, please follow that protocol and be sure you provide the correct mailing address for UC San Diego. Remember to include: the name of the office AND the numbers 0021 on the two lines as shown below.
