Enrollment Opens today for continuing incoming & visiting students - Please keep an eye on EASy requests

Now that continuing UC San Diego students have had one week of priority to enroll into their courses, incoming and visiting student enrollment has now opened. The

Summer Session online application opened this morning at 8am to process new student ID numbers and activate registration statuses.

Prior to creating a student ID number, visiting students were not able to submit preauthorization requests within EASy. Visiting studenst gained access to enrollment and EASy on the same day. These students appreciate a quick response regarding approvals for enrollment. Thank you to team members managing the EASy system.

Course scheduling reminder: now that enrollment has begun, courses changes will need to be canceled when students are enrolled in the course. Please email the Registrar Scheduling Office to confirm the best way to manage changes.
