## **Enrollment for Summer starts today for new incoming and visiting students!**

Now that continuing UC San Diego students have had one week of priority to enroll into their courses, incoming and visiting student enrollment has now opened.

Prior to creating a student ID number, visiting students were not able to submit preauthorization requests within EASy. Visiting students gained access to enrollment and EASy on the same day. These students appreciate a quick response regarding approvals for enrollment. Thank you to team members managing the EASy system.

## **Wanted: Remote Course Offerings!**

It is important to consider offering more remote courses during the upcoming summer terms to accommodate students who cannot physically be present in San Diego. This will ensure that students can make progress towards their academic goals, regardless of their location. Your cooperation in this regard is greatly appreciated.

Please review and submit any changes to course modality as soon as possible. The Schedule of Classes is now live and students will begin enrollment on April 15th.

Please email the scheduling office at [registrar-scheduling@ucsd.edu](mailto:registrar-scheduling@ucsd.edu) to change course modality.

## **Guide on Managing Course Changes**

Course scheduling reminder: now that enrollment has begun, course changes will need to be canceled when students are enrolled in the course. Please email the [Registrar Scheduling Office](#) to confirm the best way to manage changes.

We know there will be changes to the schedule between now and the start of summer, so we updated the [Guide on Managing Course Changes](#) on the Summer Session website. This guide has useful information as you navigate

changing modality, instructor names, session of a class, adding new classes, cancellations, etc. Students are anxious about the modality of instruction of Summer Session courses. 75% of students are requesting Remote Instruction.

The ISA is still open for changes for adding or canceling classes and modality.
