  - **Email** students highlighting the benefits and prerequisites of each course.
  - **Share** on social media using your department's official channels and relevant hashtags.

# Waitlist Management

With more than 2,000 students on the waitlist after just one week of registration, we are asking departments to review their waitlist procedures and consider options for managing these high-enrollment courses. Summer Session will be reaching out to departments with large waitlists to discuss options for managing the waitlist.

To support this effort, our office has prepared a guide that helps departments develop best practice strategies for waitlist management. You can find that on our website: [Waitlist Management Tips](#)

## Courses taught in-person

1. Request a larger classroom directly with the Registrar.
  - If the course is scheduled in a general use classroom (Registrar) – an increase of 10% is allowed without notice

3. Add more courses of related interest in ISA.
